Mr. Tony Telford
Illinois Environmental Protection Agency
DAPC - Permits Section
2200 Churchill Road
Springfield, Illinois 62706

Dear Mr. Telford:

In reference to our phone conversation on February 4, 1987 regarding the plant information for our facilities, the following corrections should be made to update the Total Air Source Inventory. A copy of a printout dated December 22, 1986 is attached for your convenience.

CORRECT - 72100327: 44" Mill Scarfing Machine, correct expiration date 07/01/86 pending variance appeal.

DELETE - 72100329: 32" Finishing Facilities, withdraw a current valid permit for the same facilities in on permit 73031674.

DELETE - 73031524: 12" Billet Dock Pickling Facilities have been removed withdraw permit.

CORRECT - 73031528: Bar Coil Annealing Furnaces correct expiration date to 04/04/88.

DELETE - 73031529: Bar Coil Cleaning House withdraw facilities not operated bar cleaning done in wire mill cleaning house under permit 80070007.

CORRECT - 73031532: 34" Mill Loftus Reheat Furnace correct expiration date to 04/04/88.

CORRECT - 73031679: 11" Mill Billet Conditioning correct expiration date to 04/04/88.

continued.....

DELETE - 73060445: Blast Furnace withdraw this facility, covered in permit 72100325.

CORRECT - 73070215: B&W Boiler correct expiration date to 04/04/88.

DELETE - 75090025: Molton Iron Re-ladling Station withdraw this facility, included in permit 77100054.
